THE

# IF YOU WANT TO GO FAST GO ALONE, IF YOU WANT TO GO FAR, GO TOGETHER.

Over 20 years ago, the Lord impressed a pattern of ministry on my heart, that would become a prevailing church, that we now call Hope Centre. It was comprised of five (5) hubs – now called Locations; each with their own worship facilities in Brisbane City, and then to the north, south, east and west.

Over the course of time, we realised that we were being led to establish campuses in Brisbane, Logan, Moreton Bay Region, Ipswich and Redlands; from which we could reach the expanse of SE Queensland.

This last season has seen the establishment of wonderful facilities in Brisbane and Logan. Both of them have ongoing works. They are wonderful and functional spaces, serving our church family and community every day. Our primary focus in 2019 is to complete the Moreton complex, so that it can be ready to serve its community effectively from the start of 2020 and increase our capacity into the future.

Some cultures can teach us a magnificent lesson in this instance. Quite simply, our greater family can work together to provide for each part, and help to carry one another's burdens

The project is completed quicker.

The whole family can then move on, to work together for other members.

That's our current mission. We need to complete our Moreton project, so that we can proceed with the challenge of establishing permanent ministry facilities to reach Ipswich and Redlands, and their surrounding regions. Everyone gets their moment!

Right now, the priority is Moreton... But there is so much more to do for Jesus. So our earnest prayer and genuine hope is that the Hope Centre family will demonstrate big hearts, and Kingdom generosity at this time in our history.

We are recipients of a magnificent legacy. People did what they could in their generation. Now it's our turn...to leave a legacy.

Come on family. We can do this!

Wayne & Lyn Alcorn  
Senior Pastors.

# WHY FACILITIES MATTER?

Some people ask, 'why do churches even need their own facilities?'. Having experienced the disruption that followed the arson attack on our Valley site (The Tabernacle) in 2004, we know firsthand the benefits that flow from owning purpose-built premises.

Though our journey was exciting and our growth was significant during our two and a half years without a 'home', we became even more resolute in our search to put a roof over our church family. This is because we understand that without a ministry location people get lost.

As a result, our assessment of that season has brought us to the clear conclusion; that church life is better and our mission is enhanced when conducted from a stable headquarters. The reason behind everything we do at Hope Centre is 'Because People Matter'.

There are three (3) reasons behind our commitment to own ministry facilities in the places the Lord has called us to serve.

## IT PROVIDES STABILITY

Our properties speak stability, to both our people and the community. Every family needs a home. We have experienced firsthand the disruption, the distraction and the pain that occurs when a consistent location isn't available. Not only does it cost us time and resource to manage the constant changes, but people get lost when venues are inconsistent.

Permanent facilities declare stability - 'we are here to stay.' There are a lot of church plants that meet in various places. They exist for a season but eventually close, or move out of the area. When we buy or build a ministry centre in a city, we show both our congregation and the people of the community that we are here for the long haul; and that we will be there when they need us.

## IT ENABLES EFFECTIVE MISSION

The intention behind these purpose-built facilities is not to solely serve the people of the congregation; but they also exist to serve the community in which they are located. These ministry facilities offer a place for mission to be outworked through both sending people out and bringing people in.

In order to send people out, they first need to be trained and equipped to be the agents of change that God calls them to be. Through our Sunday ministry opportunities, currently over four locations, we are able to share the heart of God and mobilise people to be part of a revolution of kindness.

Coupled with this, our ministry locations invite the surrounding communities to come in, by offering purpose-built facilities which help to service the needs of the people within the community. It is only through having purpose-built ministry locations that we are able to offer an opportunity to make this happen.

## IT CONTRIBUTES TO GENERATIONAL BLESSING

We are living in the blessing of the legacy that was left for us. People ensured that assets were acquired through their dedication to the Lord and their heart for the house. We own campuses, training centres and land because of the sacrifice and stewardship of good people, from decades ago. Now it's our turn. Imagine generations from now - future Hope Centre people rising up to thank God for what we did in this moment to position them for a magnificent future, enabling them to continue building God's kingdom.

# AN EXPANDING MINISTRY FOR AN EXPANDING CITY

Since establishing our ministry hub in the region 7 years ago, our ministry to the people of the Moreton Bay Region has made a significant positive impact.

Now we stand ready to open our new "Home" a place where people from all walks of life will be welcomed, loved, cared for and ministered to in the name of Jesus.

The permanency, size and quality of our new ministry facility with it's strategic Anzac Ave location will allow the people of Hope Centre to help more people in an increased number of ways.

Our ministry to Children, Teenagers, Young Adults, Men, Women, Family, Professionals and Seniors will be significantly enhanced as we establish our outstanding ministry facility.

# HOPE CENTRE MORETON WILL INCLUDE:

## A PURPOSE-BUILT QUALITY AIRCONDITIONED FACILITY INCLUDING:

3 dedicated Multi-purpose rooms for Kids, Teenagers, Discipleship & Training

260 onsite car parks

150 capacity Multi-purpose auditorium

Cafe and connection Hub

## OUR LEGACY GIVING GOAL THIS YEAR IS \$660,000

Your legacy giving will be dedicated  
to fitting out our ministry facility:

Hope Kids Playground  
\$60,000

Hope Kids ministry tools  
and furniture \$20,000

Auditorium chairs  
\$60,000 (\$92 x 650)

Cafe equipment and  
furniture \$40,000

Alfresco Plaza furniture  
\$20,000

Ministry hub fit out  
\$20,000

Ministry Audio Visual  
and Technology  
\$400,000

Maintenance and  
Garden equipment  
\$20,000

White goods  
\$20,000

TOTAL  
\$660,000

# YOU'RE INVITED.

## PROVIDE FINANCIAL SUPPORT:

Make a one off  
financial contribution

Make a commitment  
to be redeemed over  
the next 12 months

Make a recurring  
financial contribution

## EASY WAYS TO GIVE INCLUDE:

**Pushpay**  
for one off and  
recurring giving,  
Select "Legacy Fund"

**In-Service**  
by using an  
envelope during the  
giving moment or  
visiting the HUB

**Online**  
[www.hopecentre.com/give](http://www.hopecentre.com/give)

## OTHER WAYS YOU CAN BE INVOLVED:

- You may be able to offer a gift of "services in kind" that relates to the purchase, development or maintenance of our facilities
- By providing No or Low interest loans to Hope Centre
- You or your family may consider making an allocation from your Estate or Family Trust

If you have any further enquiries regarding the Legacy Fund please contact our General Manager, Pastor Troy Todd on: 3253 1300 or [troy.todd@hopecentre.com](mailto:troy.todd@hopecentre.com)
